Baird Ultra Short Bond Fund Summary of Fair Value Disclosure as of September 30, 2024 (Unaudited)

Baird Ultra Short Bond Fund has adopted authoritative fair value accounting standards which establish an authoritative definition of fair value and set out a hierarchy for measuring fair value. These standards require additional disclosures about the various inputs and valuation techniques used to develop the measurements of fair value, a discussion of changes in valuation techniques and related inputs during the period, and expanded disclosure of valuation levels for major security types. These inputs are summarized in the three broad levels listed below. The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities.

Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access.

Level 2 - Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.

Level 3 - Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing the Fund's own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

The following is a summary of the fair valuation hierarchy of the Fund's securities as of September 30, 2024:

Refer to the Schedule of Investments for further disaggregation of investment categories.

Changes in valuation techniques may result in transfers into or out of assigned levels within the fair value hierarchy. There were no transfers into or out of Level 3 during the reporting period, as compared to the security classifications from the prior year's annual report. See the Fund's Valuation Policy in Note 2a to the financial statements.
